The constitution always suffers more or less when
ony of the secretions or discharges, established by
the laws of nature, are arrested or retarded; but from
none does more evil arise than from obstruction, or
suppression of the menses. This is sure in time to
bring on a train of complicated and obstinate discases, such as pains in the head, back, loins, and abdomen; determination of blood to the head, and consequent dizziness, cold extremities, but especially
cold feet; loss of appetite, costiveness, and general
debility; Cough, Palpitation of the Heart, Hectic
fer er, and Cousumption. The re-establishment of
the Catamental evacuation, whenever checked or suspended, is indispensable to health, and the continuance of life.

The design of these pills is the rostoration of the
natural uterine secretions, by removing the causes

natural uterine secretions, by removing the causes by which they are arrested or checked, and by giv-

ing tone and health to the general system; they are therefore an effection remedy in all cases of difficult, painful, or obstructed menses; having been used in multitudes of cases, in the private practice of the original proprietor, with singular success, in which they have proved to be of the highest value and efficacy. This Syrup has been proved in thousands of cases to be an unequalled remedy for Scrofula, Salt-Rheum, Mercurial, Syphilitic or Veneral, and Erquire diseases; for Jaundice, Erysipelas, Bolls, Ulcers, Rheumatism, Gout, Cutaneous Affections, or Diseases of the Skin, as Blotches, Pimples, or Pustules, and all tiching Eruptions, &c. The design of this Syrup is to re-establish the healthy functions of the system, without producing any very sensible evacuation; not being intended to act particularly upon the bowels, but directly, and with the greatest effect, upon the Slood

I have tried every preparation used by modern Physicians, with the most distinguished and celebrated patent nostruma, now so highly extelled; as the various Panaocea, Sarsaparilla Syrup, Balsams, and Extracts; and, after repeated trials for years, in different forms of disease, I have found that this Syrup, beyond all comparison, far exceeds them all. In Chronic Inflammation of the Liver White Swelling, Necrosia, or Fever Seres, Rickets, Pistula, and King's Evil; in short, in every taint of the system or blood, from whatever cause it may arise, or however long standing, this medicine will be a pre-eminently superior article, and of the highest value in all cases for which it is recommended. DR. BROTHERS'

Sudorific Fincture or Sweating Drope.

This medicine is truly unsurpassed in fulfilling the indication

degestive organs, which produces costiveness, or a deraogement of the bowels, and consequently the Piles.

Most of the remedies now in use for this dangerous and painful affection, are directed to be applied externally; they do not remove the cause of the complaint, and can therefore afford only temporary retief. Again, the disease is often beyond the reach o aid from external applications, an objection to which this remedy is not liable, it being taken internally. It is perfectly safe, pleasant to take, mild and easy in its operation, and affords immediate relief.

It is equally efficacious in curing both the Blind and Bleeding Piles. If the bowels are left costive after the use of this medicine, a little physic may be taken to regulate them. Having been trying the All Healing Ointment in some very bud cases of Piles, I hesitate not to assure the afflicted that it is a very valuable medicine, and an inestimable suxiliary to the Electuary. I consider it the best external application, I have ever known. The Electuary is an internal remedy, and the Ointment as an external application, used in connexion, I doubt not would be effectual in the most obstinate cases, and must surpass in all instances any other remedies for Piles to be found. Complaints of Children.

This Medicine possesses the power, in a very remarkable manner, of neutralizing the acidity of the Stemach, or removing the morbid or acrid secretions of the Liver, which are the exriting causes of bowel complaints in general. It allays sickness of the stomach, removes the pain, causes healthy evacuations from the bowels, at the same time acts as a genticatingent. Hence it will be found a very superior and valuable remedy, in both acute and chronic diseases of the bowels, in Diarrheas, Dysentery, Choican Morbus, and Summer Complaints of Children. In all these complaints the liver is usually more or less affected, the stomach in an irritable, and the bowels in an inflamed condition. This medicine is most effectual in relieving all these organs, restoring the tone and natural functions. Among all the numerous remedies for these diseases, some of which are strongly recommended, this has proved itself, in every instance, to be the best, the surest, safest, and most effective of all. I do not think its equal can be found for children when teething, or as a remedy for bowel complaints. Price 50 cents.

Happily for suffering humanity, their practice is so manifestly injurious, that it is now gradually on the wane, and must in a few years sink into oblivion.

TESTIMONY FROM NORTH CAROLINA.

Oertificate of Dr. W. Smith, of Pins Hill, Rich mond Gounty, North Carolina.

Pins Hill, March 4, 1854.

Drag Sir: I have been a subject of Dyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordion, a small village in North Carolina, to try the effect of some Chalybe ate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself. There were several of the village physicians in the store, and one of them seem. d to take some interest in my case, and, after asking me some questions, said he had been a dysperate, and had been greatly benefited by the use of "Hoodand's German Bitters," prepared by y-u, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted so much that I would try them that I asked him to get me one bottle. He did it, and I commence taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, (he a dyspeptic.) and I gave him nearly all the Bitters I had left, which effected much good in his wee. He has often called on me for more of the same kind of medicine, saying he was more banclited by it than any other he had taken, but I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as soon as possible.

Respectively, yours,

Dr. C. M. Jackson, Philadelphia.
